Efforts are made available National Policies and other documents on education in the library suitable the three streams of education - Central teacher education, Special education and Physical education.

Library is a knowledge resource. According to Father of Library -Mr. Ranganathan - Library is a public institution charged with the care of collection of books and making them accessible for use.

In LMS, ICT, Internet age, Library means collection of e-books, e journals, e- databases which can be accessed by 'remote' by anyone sitting in his/her study room, drawing room, classroom.

In present context of ICT age, LMS age and Internet age there is no need to get documents on loan, borrow, gifts or even purchase in physical form. Internet subscription Internet portals free access are available as and when needed, store and refer.

Library becomes the open access for students, teachers, researchers and anyone who thrives for knowledge.
