

CRITERIA 7

7.1.5 Institution is committed to maintenance of cleanliness, sanitation, green cover and providing a pollution free healthy environment

7.1.5 Institution is committed to maintenance of cleanliness, sanitation, green cover and providing a pollution free healthy environment

Cleanliness: LPRCER's commitment to cleaner, greener environment is visible through range of initiatives. At the college and campus level, Swachh Bharat Abhiyaan or Clean India Campaign was held to bring about change in behavioral and attitudinal aspect of habitants. TEI is resilient in deployment of dedicated team for maintenance of water system, drainage system and waste management system in the campus. The periodic maintenance practiced in the campus induces sense of cleanliness.

Sanitation: Access to sanitation facilities is a fundamental right to safeguard health. Separate and safe sanitary facilities for females in the campus are also an encouraging factor of the institute. Dedicated safe drinking water sources are present at many places throughout the campus which comes from storage tank. The waste water is discharged into the common municipal drain, which is a common practice in and around MiraRoad. Segregation of the waste is done in the campus premises, with two dustbins are kept labelled as 'Wet Waste and Dry Waste. The organic waste is disposed of through municipal waste. The electronic gadgets / waste is either donated if useful or handed over to waste collectors. The general solid waste is disposed of through Mira- Bhayandar Municipal Corporation. Cleanliness of toilets, classroom, campus is mandatory. During Covid protocols, sanitizers were kept in every floor and entrance.

Green cover: Apart from primary cleanliness and sanitation efforts, the institute is also committed to promoting sustainable habits by promoting cloth bags with other efforts to maintain a plastic free environment. The objective was to encourage self-reliance through sustainable practices. In a quest for healthy and sustainable campus, spaces with plantation have a vital role. To add to the green cover of the Institute some indoor plants have been installed to improve air quality.

Pollution free healthy environment: Environmental Promotion Activities on Plastic Awareness Event, Tree Plantation at college campus, Plastic Recycle, Clean and Green, Awareness on sound pollution, etc. are conducted as outreach activities to the wider school community. These sessions were conducted for the school students to make them aware of better cleanliness habits as well as to develop an appreciation and interest for sustainable environmental practices. The institute also prohibits intra movements of vehicles as to enhance the indoor air quality of the campus which in return reduce the air pollution.
